PROFESSIONAL EXPERIENCE

OPERATIONS MANAGER | Atlantis Limousine for Luxury Motor Vehicles Services L.L.C

Dubai, UAE | 2024 - Present

- Lead daily fleet and chauffeur operations covering 40+ drivers and 30+ vehicles, balancing deployment, availability, punctuality, service quality and customer requirements.
- Control driver schedules, dispatch coordination, attendance, performance follow-up, shift coverage and corrective actions in a fast-moving 24/7 transport environment.
- Manage operational and billing activity across Uber, Careem, Bolt, Wheely, Moniic, Zed and Yango fleet portals, including driver/vehicle records, statements, access issues and policy updates.
- Maintain RTA compliance for drivers and vehicles, coordinating permits, inspections, renewals, documentation and regulatory portal records.
- Reconcile trip and billing records across dispatch, direct bookings and fleet platforms; investigate mismatches and strengthen controls around driver, trip and revenue records.
- Prepare driver payroll and salary calculations covering attendance, trip earnings, deductions, advances and recoveries, supported by management-ready reconciliation reports.
- Coordinate preventive maintenance, repair follow-up, vehicle readiness and EV charging arrangements to protect fleet availability and reduce avoidable downtime.
- Audit driver records and compliance gaps; deliver induction, corrective and refresher training covering company policy, customer service, airport procedures, safety and regulatory requirements.
- Create and implement SOPs for dispatch control, airport operations, booking discipline, incident escalation, safety and compliance; support management decisions on rates, staffing, deployment and profitability.

CHAUFFEUR | DRIVER COORDINATION RESPONSIBILITIES | Connection Chauffeur Limousine L.L.C

Dubai, UAE | 2017 - 2024

- Delivered professional chauffeur services for corporate and private clients while maintaining punctuality, discretion, vehicle presentation and service standards.

- Planned collection times and routes using GPS and live traffic information, adapting quickly to client instructions and operational changes.
- Supported driver coordination and salary administration, building practical knowledge of shift management, driver issues and passenger-transport operations.

FINANCE & HUMAN RESOURCES COORDINATOR | Haramain Islamabad Medicure Hospital

Islamabad, Pakistan | 2015 - 2017

- Managed cash-flow records, bookkeeping, accounts payable/receivable support, daily cash balances and financial documentation.
- Prepared payroll, monthly financial reports and budget analysis; supported recruitment, employee contracts, attendance monitoring and workplace administration.
